- G.Malashonok, 2001 Computations in Modules over Commutative Rings
- G.Malashonok, 2000 Efficient matrix methods in commutative domains.
- S.Mechveliani, 2001 Functional programming and categorial approach in computer algebra.
- S.Meshveliani, 2000 Cost bound for LLL-Grigoryev method for factoring in $GF(q)[x,y]$.
- A.A. Mikhalev, 1995 Algorithms of the Combinatorial Theory of Lie Super algebras.
- A.A. Mikhalev, 1997 Algorithms for Construction of Standard Grobner-Shirshov Bases of Ideals of Free Algebras over Commutative Rings
- A.M.Mitichkina, 2000 Special Puiseux Series Solutions of Algebraic Equations
- A.V.Mityunin, 1998 The Calculation of Grobner Bases in Differential Modules.
- V.Mitrofanov, 2000 A project of distant hypergeometric calculator based on the use of operator factorization method and Internet client-server technology

N

- N.M.Nagorny, 1995 Kleene's Realizability in Problems of Computer Science and Foundations of Mathematics.
- N.M.Nagorny, 1996 Features of Computable Mathematical Analysis.
- A.V.Niukkanen, 1995 Operator Factorization and Prospectives for Its Use in Computer Algebra.
- A.V.Niukkanen, 1997 Factorization and Recurrent Relations for Hypergeometric Functions.
- A.V. Niukkanen, 1998 The Theory of Special Functions of Hypergeometric Type: State, Prospects, and Illustrative Examples.
- A.V. Niukkanen, 1998 Analytical Transformations of Hypergeometric Series with the Use of a New Extension of MAPLE.
- A.V. Niukkanen, 2000 Diagram technique for multiple hypergeometric series
- A.V. Niukkanen, 2000 A project of distant hypergeometric calculator based on the use of operator factorization method and Internet client-server technology
- A.V. Niukkanen, 2010 On the use of algebraic recurrence relations for the calculation of higher-order derivatives of composite functions

O

- G.A.Ososkov, 1997 Examination of an Algorithm of Recognizing Tracks Detected by a System of Drifting Tubes.
- A.Ovchinnikov, 2004 The Problem How to Compute a Characteristic Set of a Radical Differential Ideal

P

- Yu. Palii, 2000 Stabilization of the Integral of Motion and Constraint Manifold under Numerical Integration of the Dynamical Equations Using MAPLE
- Yu. Palii, 2006 On algorithmisation of the Dirac constraint formalism
- E.V.Pankrat'ev, 1995 Constructive Methods of Differential Algebra.
- E.V.Pankrat'ev, 1998 Grobner Bases and Involutive Bases.
- O.S.Paramonova, 1997 mplementation of Linear and Quadratic Transformations of Hypergeometric Series of the Gauss Type in the MAPLE System.
- O.S.Paramonova, 1998 Analytical Transformations of Hypergeometric Series with the Use of a New Extension of MAPLE.
- O.S.Paramonova, 2000 A project of distant hypergeometric calculator based on the use of operator factorization method and Internet client-server tecnology
- O.S.Paramonova, 2001 Computer generation of 32 analytical expressions for the Appell function F_4
- M.Petkovsek, 1997 Partial Recurrences with Constant Coefficients: The Algebraic Case.
- R.I.Podlovchenko, 1996 An Algebraic Approach in Program Scheme Theory.
- S.Polyakov, 2004 Additive Decomposition of the Rational Functions
- P.I.Pronin, 1995 Evaluation of One-Loop Counter terms: New algorithms and Programs.
- I.V.Puzynin, 1997 New Statements of Inverse Problems in Quantum Scattering Theory.

Q**R**

- A.M.Raporterenko, 1995 The Use of Adobe Type I Fonts and XII Graphics in the GSL Interpreter of the Standard Lisp Language.
- A.M.Raporterenko, 1998 A LISP-system for Logical Analysis and Visualization of Online Data.
- V.N.Robuk, 1995 A Computer-Oriented Method for Constructing Solutions of Partial Differential Equations.
- V.N.Robuk, 1996 Exact Integration Problems in Computer Algebra.
- V.N.Robuk, 1997 Correct Separation of Variables Instead of Exact Integration.
- A.Ya.Rodionov, 1998 Mathematical system as an object in computer algebra.
- V.A.Rostovtsev, 2000 Algebraic perturbation theory for a hydrogen atom in weak electric fields
- V.A.Rostovtsev, 2001 Algebraic system of perturbation theory for hydrogen-like atom in the point electric charge.
- A.A.Ryabenko, 1995 Programs for Finding Rational Solutions to Linear Difference and q -Difference Equations with Polynomial Coefficients.
- A.A.Ryabenko, 1998 The Construction of Solutions to Linear Ordinary Homogeneous Differential Equations in Terms of Sparse Series in the Maple System
- A.A.Ryabenko, 1999 Special formal solutions of linear ordinary differential equations in Maple
- A.A.Ryabenko, 2000 Special Puiseux Series Solutions of Algebraic Equations
- A.A.Ryabenko, 2001 Symbolic solution of linear ODE by using series.

S

- V.N.Samoilov, 2000 Algebraic perturbation theory for a hydrogen atom in weak electric fields
- V.N.Samoilov, 2001 Algebraic system of perturbation theory for hydrogen-like atom in the point

electric charge.

- N.V.Savel'eva, 1998 INVARIANT SUBSPACES OF MATRIX ALGEBRAS AND DETECTING OF THEIR EXISTENCE WITH THE USE OF MAPLE PROCEDURES
- N.V.Savel'eva, 1998 THE INERTIA OF MATRICES AND QUADRATIC FORMS, CONDITIONALLY DEFINITE MATRICES, THE SEPARATION OF ROOTS OF ALGEBRAIC EQUATIONS, AND MAPLE-PROCEDURES
- A.Semenov, 1998 LanHEP - A Program for the Automated Generation of Feynman Rules.
- S.I.Serdyukova, 1997 The Calculation of Spectra of Difference Boundary-Value Problems.
- S.I.Serdyukova, 1998 The Use of the Reduce System in Construction of Optimal Numerical Algorithms.
- S.I.Serdyukova, 2000 Solving Inverse Problem for Two-Dimensional Discrete Schro:dinger Equation by Using CAS REDUCE
- V.M.Sever'yanov, 1997 Parallel Calculation of Fractal Sets and Functions by Means of Neural Networks and Cellular Automata.
- I.V.Shchenkov, 1997 Computation Delay, Programming Concepts, and Analytical Calculations.
- G.Shpiz, 1998 Mathematical system as an object in computer algebra.
- Skorobogatov, S.Y.(Bauman Moscow State Technical University) [Refal with High Order Functions](#)
- S.L.Skorokhodov, 2001 Stable Calculations of Special Functions in MAPLE
- S.L.Skorokhodov, Dubna, 2002 Computer Algebra and Computing Special Functions
- S. Slavyanov, 2007, Invariant transformations, isomonodromic deformations and "antiquantization" for simplest ODE possessing accessory parameter and apparent singularity.
- K.V.Stepanyants, 1995 Evaluation of One-Loop Counter terms: New algorithms and Programs.
- A.A.Suhanov, 1999 Representatives classes conjugation of nilpotence elements in a simple Lie algebras low dimensions
- A.A.Suhanov, 2000 Computer analis classes conjugation in Lie algebras low dimensions
- A.Semenov, 2001 Computing a Hilbert Polynomial using Thomas Involutive Division

T

- M.N.Tentyakov, 1997 Automation of calculation of Feynman Diagrams.
- S.P.Tsarev, 2008, Hyperdeterminants as a computer algebra challenge: their computation and relations to integrable

partial difference equations

- S.P.Tsarev, 2005, General definition of factorization of an arbitrary linear systems of partial differential equations
- S.P.Tsarev, 2003 On rational definite summation
